Haulotte Group to stand tall at QME

Haulotte Group will show off the Star 10, one of its large range elevating work platforms, on **Stand 6143** during the 2008 Queensland Mining and Engineering (QME) exhibition at the Mackay Showground from July 22-24.

The Star 10 is a vertical mast machine that offers:

- narrow turning radius for better accessibility
- increased safety with 3° slope sensor and pothole protection
- more flexibility throughout the working envelope with a positive/negative jib
- 4.5 km/h travel speed
- 23% grade ability
- low total weight for easier transport and more applications
- ergonomic and spacious platform design.

Haulotte Group is the world's third-largest producer of self-propelled access equipment with products ranging from 6 m to 43 m. It has branches in Melbourne, Sydney, Brisbane, Perth and New Zealand that carry a full range of units and spare parts together with an extensive field service team.

Haulotte Group's range includes:

- electric or diesel scissors lifts
- electric or diesel articulating booms
- telescopic booms
- vertical masts
- push around
- trailers
- telehandlers
