Mono Pumps offers pump solutions at QME

Mono Pumps will show off the inner workings of a helical rotor pump from its Compact range on **Stand 2105** during the 2008 Queensland Mining and Engineering (QME) exhibition at the Mackay Showground from July 22-24.

For more than 50 years Mono Pumps has been designing, manufacturing and distributing progressing cavity pumps, parts, grinders, screens and packaged systems.

The company provides a full range of solutions for a number of industries, including mining and mineral, water supply and waste water, oil and gas, food and beverage, paper and pulp, chemical and pharmaceutical, and agriculture.

Mono can offer both off-the-shelf and custom design de-watering stations for the mining industry. Its Duraflo range sets new standards in minimising downtime and maintenance costs over the life of a pump station.

Mono also provides pumping solutions to optimise liquid processing, improve efficiency and reduce costs and downtime.

Mono has branches in every state of Australia and service centres in key areas.
